CES # _____ (To be assigned by JRCERT)

This application must be completed for each clinical education setting.

- Consistent with **JRCERT Policy 11.400, Procedure 11.404D**, the JRCERT considers a clinical education setting as all radiologic facilities under a single radiologic administration within the campus. A campus is defined as the buildings and grounds of a school, college, university, or hospital that are geographically contiguous and does NOT include any geographically dispersed campus of a sponsor. Separate recognition is required for each facility not meeting this definition.
- **Enclose:**
 - a. An affiliation agreement with Affiliation Agreement Criteria sheet (see page 8).
 - b. **Form 102R** for each designated clinical instructor and all required attachments identified on the form.
 - c. Documentation of **current** The Joint Commission (TJC) accreditation or equivalent for the clinical education setting for which recognition is sought. For non-hospital clinical education settings that are not accredited, documentation of compliance with state and/or federal radiation safety regulations may be used as equivalent.

NOTE: Clinical Capacity Calculation Guidelines, page 5, is used by the JRCERT to identify the student capacity of the clinical education setting. DO NOT complete page 5.

- An application for recognition is not guaranteed. Recognition may be denied, or the capacity authorized may be less than that requested by the program.
- **Fee** - please see the current Fee Schedule at www.jrcert.org.
