Hastings, NE 68901

**RE: Program #2780**

**Previous Accreditation Status: 5 Years**  
**Most Recent Site Visit: 05/2022**

Dear Mr. Barber:

The Joint Review Committee on Education in Radiologic Technology (JRCERT) appreciated the opportunity to evaluate the associate degree radiography program, which includes a distance delivery option, sponsored by Mary Lanning Healthcare. The JRCERT is the only agency recognized by the United States Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. Specialized accreditation awarded by the JRCERT offers institutions significant value by providing peer evaluation and by assuring the public of quality professional education in the radiologic sciences.

The continuing accreditation status of the program was considered at the September 20, 2022 meeting of the Joint Review Committee on Education in Radiologic Technology. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiography (2021)**. The program documents compliance with all relevant Standards; therefore, the JRCERT awards:

**ACCREDITATION FOR A PERIOD OF EIGHT YEARS.**

The maximum duration that may be awarded by the Joint Review Committee on Education in Radiologic Technology in this category is eight years.

An interim report will be required. The projected date for submission of the interim report is the Second Quarter of 2026. The JRCERT will provide program officials adequate notice of the due date for submission of the interim report. Based on the interim report, the JRCERT will determine if the accreditation award of eight years will be maintained or reduced and the continuing accreditation process expedited.

If the accreditation award is maintained, the next site visit is tentatively scheduled for the Second Quarter of 2030.

Consistent with JRCERT Policy 11.500, the JRCERT has determined that program officials would benefit from a JRCERT-sponsored Outcomes Assessment Workshop. Documentation of the program director and/or clinical coordinator's attendance at an Outcomes Assessment Workshop must be submitted no later than **September 20, 2023**. A complete listing of dates and locations for all JRCERT-sponsored seminars and workshops is available at [www.jrcert.org/events](http://www.jrcert.org/events).

Page 2

The program is advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any on-site evaluation.

The Joint Review Committee on Education in Radiologic Technology Directors and staff congratulate you and the program faculty for achieving the maximum award of accreditation from the JRCERT and wish you continuing success in your efforts to provide a quality educational program. If we can be of further assistance, do not hesitate to contact the office.

Sincerely,

Julia L. Lasley, Ph.D., R.T.(R)(T)  
Chair
