RE: Program #0402

Previous Accreditation Status: 8 Years

Most Recent Site Visit: 03/2017

Dear Dr. Atewologun:

After review of the requested interim report, the continuing accreditation status of the associate degree radiography program sponsored by Riverland Community College was considered at the August 24, 2021 meeting of the Joint Review Committee on Education in Radiologic Technology (JRCERT). The JRCERT is the only agency recognized by the United States Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. Specialized accreditation awarded by the JRCERT offers institutions significant value by providing peer evaluation and by assuring the public of quality professional education in the radiologic sciences. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiography (2021)**. The program documents compliance with all relevant Standards; therefore, the JRCERT awards:

MAINTENANCE OF ACCREDITATION FOR A PERIOD OF EIGHT YEARS.

The next site visit is tentatively scheduled for the First Quarter of 2025.

The program is advised that the assessment plan must contain, at a minimum: goals in relation to clinical competency, communication, and critical thinking; two student learning outcomes per goal; and two assessment tools per student learning outcome.

The program is also advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any on-site evaluation.
