**RE: Program #3345**

**Previous Accreditation Status: 5 Years**

**Most Recent Site Visit: 03/2023**

Dear Dr. Runyon:

The Joint Review Committee on Education in Radiologic Technology (JRCERT) appreciated the opportunity to evaluate the associate degree radiography program sponsored by Piedmont Virginia Community College. The JRCERT is the only agency recognized by the United States Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. Specialized accreditation awarded by the JRCERT offers institutions significant value by providing peer evaluation and by assuring the public of quality professional education in the radiologic sciences.

The continuing accreditation status of the program was considered at the September 12, 2023 meeting of the Joint Review Committee on Education in Radiologic Technology. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiography (2021)**. The program documents compliance with all relevant Standards; therefore, the JRCERT awards:

**ACCREDITATION FOR A PERIOD OF FIVE YEARS.**

Consistent with JRCERT Policy 10.100, this accreditation action is not subject to appeal.

The maximum duration that may be awarded by the Joint Review Committee on Education in Radiologic Technology in this category is eight years.

The next site visit is tentatively scheduled for the First Quarter of 2028.

The program is advised to document annually the analysis of the student learning outcome data and the sharing of the analysis with the program's communities of interest.

The program is also advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any on-site evaluation.

Jean Runyon, Ph.D.

The Joint Review Committee on Education in Radiologic Technology Directors and staff encourage you and the program faculty to continue your efforts in developing a quality educational program. If we can be of further assistance, do not hesitate to contact the office.  
Sincerely,

Tracy Herrmann, Ph.D., R.T.(R), FAEIRS  
Chair
