RE: Program #0096

Previous Accreditation Status: 3 Years
Most Recent Site Visit: 09/2022

Dear Dr. Tompkins:

After review of the requested progress report, the continuing accreditation status of the associate degree radiography program sponsored by NHTI - Concord's Community College was considered at the July 25, 2023 meeting of the Joint Review Committee on Education in Radiologic Technology (JRCERT). The JRCERT is the only agency recognized by the United States Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. Specialized accreditation awarded by the JRCERT offers institutions significant value by providing peer evaluation and by assuring the public of quality professional education in the radiologic sciences. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiography (2021)**. The program now documents compliance with all relevant Standards; therefore, the JRCERT took the following action:

EXTENSION OF ACCREDITATION FOR A PERIOD OF TWO YEARS.

Consistent with JRCERT Policy 10.100, this accreditation action is not subject to appeal.

This extension equates to an award of five years of accreditation effective from the date of the most recent site visit.

The next site visit is tentatively scheduled for the Third Quarter of 2027. The continuing accreditation materials will be forwarded to the program at a future date and will include a submission timetable.

The program is reminded that documentation of attendance by the program director at an Accreditation Seminar and/or Outcomes Assessment Workshop or completion of approved e-Learning courses must be submitted no later than **February 21, 2024**.

The program is advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any on-site evaluation.

Patrick Tompkins, Ph.D.

The Joint Review Committee on Education in Radiologic Technology Directors and staff wish you and the program faculty continued success in your efforts to provide a quality educational program. If we can be of further assistance, do not hesitate to contact the office.

Sincerely,

Tracy Herrmann, Ph.D., R.T.(R), FAEIRS
Chair
