**RE: Program #2029**

**Previous Accreditation Status: 3 Years**  
**Most Recent Site Visit: 09/2022**

Dear Mr. Aduddell:

After review of the requested progress report, the continuing accreditation status of the certificate radiography program sponsored by CHI-St. Vincent Infirmiry was considered at the October 27, 2023 meeting of the Joint Review Committee on Education in Radiologic Technology (JRCERT). The JRCERT is the only agency recognized by the United States Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiography (2021)**. The program now documents compliance with all relevant Standards; therefore, the JRCERT awards:

**MAINTENANCE OF ACCREDITATION FOR A PERIOD OF THREE YEARS.**

Consistent with JRCERT Policy 10.100, this accreditation action is not subject to appeal.

The next site visit is tentatively scheduled for the Third Quarter of 2025. The continuing accreditation materials will be forwarded to the program at a future date and will include a submission timetable.

The program is advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any on-site evaluation.

The Joint Review Committee on Education in Radiologic Technology Directors and staff encourage you and the program faculty to continue your efforts in developing a quality educational program. If we can be of further assistance, do not hesitate to contact the office.

Sincerely,

Tracy Herrmann, Ph.D., R.T.(R), FAEIRS  
Chair
