**RE: Program #0300**

**Previous Accreditation Status: 8 Years**

**Most Recent Site Visit: 10/2018**

Dear Dr. Snider:

After review of the requested interim report, the continuing accreditation status of the associate degree radiography program sponsored by Pennsylvania State University - New Kensington Campus was considered at the February 21, 2023 meeting of the Joint Review Committee on Education in Radiologic Technology (JRCERT). The JRCERT is the only agency recognized by the United States Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. Specialized accreditation awarded by the JRCERT offers institutions significant value by providing peer evaluation and by assuring the public of quality professional education in the radiologic sciences. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiography (2021)**. The program documents compliance with all relevant Standards; therefore, the JRCERT awards:

**MAINTENANCE OF ACCREDITATION FOR A PERIOD OF EIGHT YEARS.**

The next site visit is tentatively scheduled for the Fourth Quarter of 2026.

The program is advised to review and update all program publications, specifically its supervision policies in program and clinical handbooks to assure consistency.

The program is also advised that students must not hold image receptors during any radiographic procedures. Additionally, the program is advised that students must be directly supervised during all surgical and mobile procedures, including mobile fluoroscopy, regardless of the level of competency.

The program is lastly advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any on-site evaluation.

Kevin Snider, Ph.D.

The Joint Review Committee on Education in Radiologic Technology Directors and staff congratulate you and the program faculty for maintaining the maximum award of accreditation from the JRCERT and wish you continuing success in your efforts to provide a quality educational program. If we can be of further assistance, do not hesitate to contact the office.

Sincerely,

Julia L. Lasley, Ph.D., R.T.(R)(T)
