**RE: Program #9522**

**Previous Accreditation Status: 8 Years**

**Most Recent Site Visit: 01/2022**

Dear President Murphy:

The Joint Review Committee on Education in Radiologic Technology (JRCERT) conducted an unannounced site visit of the baccalaureate and master's degree medical dosimetry program, which includes distance delivery, evening, and part-time options, sponsored by John Patrick University of Health and Applied Sciences. The JRCERT is the only agency recognized by the United States Department of Education (USDE) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry.

The continuing accreditation status of the program was considered at the July 22, 2022 meeting of the Joint Review Committee on Education in Radiologic Technology. The program was evaluated according to the **Standards for an Accredited Educational Program in Medical Dosimetry Sciences (2021)**. The program documents compliance with all relevant Standards; therefore, the JRCERT awards:

**MAINTENANCE OF ACCREDITATION FOR A PERIOD OF EIGHT YEARS.**

The next site visit is tentatively scheduled for the First Quarter of 2026. It is noted the Board of Directors considered the information from the unannounced site visit in lieu of the previously scheduled interim report.

The program is advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any on-site evaluation.

If we can be of further assistance, do not hesitate to contact the office.

Sincerely,

  
Julia L. Lasley, Ph.D., R.T.(R)(T)  
Chair
