RE: Program #0752

Previous Accreditation Status: 5 Years

Most Recent Site Visit: 11/2021

Dear Ms. Haugen:

After review of the requested progress report, the continuing accreditation status of the associate degree radiation therapy program sponsored by Nassau Community College was considered at the July 25, 2023 meeting of the Joint Review Committee on Education in Radiologic Technology (JRCERT). The JRCERT is the only agency recognized by the United States Department of Education (USDE) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. Specialized accreditation awarded by the JRCERT offers institutions significant value by providing peer evaluation and by assuring the public of quality professional education in the radiologic sciences. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiation Therapy (2021)**. The JRCERT took the following action:

MAINTENANCE OF ACCREDITATION FOR A PERIOD OF FIVE YEARS.

Consistent with JRCERT Policy 10.100, this accreditation action is not subject to appeal.

The next site visit is tentatively scheduled for the Fourth Quarter of 2026. The continuing accreditation materials will be forwarded to the program at a future date and will include a submission timetable.

The program is advised to critically evaluate and refine the measurement tools, benchmarks, and reporting of data on the assessment plan. Additionally, when a benchmark is met for a specific student learning outcome, the program should identify how student learning was maintained or improved and trend/compare the results over time to facilitate ongoing program improvement.

Program officials are strongly encouraged to work with the Office of Academic Assessment and Program Review and/or attend a JRCERT-sponsored Outcomes Assessment Workshop. A complete listing of dates and locations for all JRCERT-sponsored seminars and workshops is available at www.jrcert.org/events

The program is also advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any on-site evaluation.
