RE: Program #3309

Previous Accreditation Status:	8 Years
Most Recent Site Visit:	05/2019

Dear Mr. Lancaster:

After review of the requested interim report, the continuing accreditation status of the certificate radiography program sponsored by Covenant Medical Center was considered at the July 25, 2023 meeting of the Joint Review Committee on Education in Radiologic Technology (JRCERT). The JRCERT is the only agency recognized by the United States Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. Specialized accreditation awarded by the JRCERT offers institutions significant value by providing peer evaluation and by assuring the public of quality professional education in the radiologic sciences. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiography (2021)**. The program documents compliance with all relevant Standards; therefore, the JRCERT awards:

MAINTENANCE OF ACCREDITATION FOR A PERIOD OF EIGHT YEARS.

The next site visit is tentatively scheduled for the Second Quarter of 2027.

The program is advised that annual formal documentation of student and clinical preceptor acknowledgment of the program's supervision policies should be maintained by the program.

The program is also advised to assure more detailed documentation that program effectiveness data and student learning outcome data are shared in a timely manner and on an annual basis.

The program is further advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits of accredited programs. The sponsoring institution would be responsible for the expenses of any on-site evaluation.
